Victor and Betty Chin

Dear prayer partner,

Greetings. Hope you had a blessed Thanksgiving season with your love ones. May you rejoice in the Lord as you count His blessings over this past year. Despite many challenges that we all have endured, God has walked with us and kept us. Jesus promised to never forsake us and will always be with us in all circumstances. We give thanks to the Lord for your prayer and sacrificial giving to the Alliance GAF, that supports the work among the people group that we serve in Mexico. We are also grateful that this year we were able to spend Thanksgiving with our two daughters, parents and celebrated Betty's mom 81st birthday!

One of our objective during our one year home assignment is to encourage churches into mission locally and globally. Due to ongoing Covid restrictions many of our preaching and sharing are online these days. We long to meet you in person when situation improves. In early October, we are grateful be able to visit Saskatoon and shared at Westgate AC one of our Seamless link churches for the past years. We also shared in person in Cambridge, Toronto and North York Alliance Churches at their English and Mandarin congregations. November will be another busy month as well with most weekend booked for mission conferences. Thus we do look forward for some rest in early December. *Do pray with us for God's insight and stamina as we prepare for mission conference sharings in November. Pray for our health, spirit and safety as we travel on the road to attend conferences. Continue to pray for new workers to serve among the Chinese professionals in Mexico City, also for our co-worker Anne Louie who continue the work there.*

May His peace and joy be with you always,
Victor and Betty.....

Prayer for Unity

During this Covid time there are some different strongly held views on how the church should respond to health unit guidelines and vaccinations. The Alliance National Office has requested that we pray for unity in our churches as our communities journey through the rest of the pandemic.
