Our Vision

Chinese professionals in Mexico are increasing as trade relations grow and Mexico City is one of the major receivers of them. There is no church dedicated to reaching this LRPG who come on short term contracts of 2-3 years. There is also increasing Chinese immigrant population and second generation Chinese professionals that do not fit with existing Chinese churches (only 2). After praying and prayer walking about location of a new Chinese church plant, God is calling us to focus our main effort in the Santa Fe area first where there is a large concentration within a small closed community. Helping them immerse and function in the Mexican culture allows us to fill a need.
