

Announcements

Sunday School

We are suspending Sunday school meetings until September. Stay tuned for sign up details.

Sunday Services

We are back meeting in person again. Stay tuned to wcac.ca for sign in procedures while we transition to being fully open over the next few months.

Missionary news:

One of the comforts of living in Edmonton, Alberta, Canada is fast and reliable internet, and it's a great opportunity to work on updating Tamajaq apps! The new Tamajaq Bible app is now available on Google Play and the iOS App store, thanks to contributions and collaboration from many, many others:

- Tamajaq New Testament Script – from SIM Niger and Wycliffe International
 - Tamajaq New Testament audio – from SIM Niger
 - Scripture App Builder – from SIL International
 - Photos – from Dave & Quin Cheung, my brother and sister-in-law, when they visited Niger in 2008
 - New icon and graphics – from Elise Cheung, our eldest daughter who finished her first year in Visual Communication Design
 - Android phone and tablet for testing – from Binh & Teresa Truong, Cecilia's cousin and her husband, our landlords who also provide fiber internet
 - Scriptoria – Google Play publishing assistance
 - Mac Airbook - to develop the iOS app, borrowed from Iyla, our youngest daughter, who received this from one of her uncles
-Continued on page 2

How to give to missions:

If you would like to donate to the work of Ace and Cecilia Cheung, give to the Global Advance Fund at:

WCAC 溫莎華人宣道會

The new app makes it easy to put a Tamajaq Bible verse onto an image for sharing. It can also export videos that include the audio so that the verse is read out loud while the image is displayed.

We pray that this will facilitate sharing of the Word, with both literate and oral tradition Tuaregs in Niger.

Next projects include making the update available for desktops and shareable by Bluetooth. Most Tuaregs like to share content with each other via Bluetooth as it's cheaper and doesn't require good internet, which can have sparse coverage in some remote areas. Also in partnership with SIM Niger we are working on The Way of Righteousness Tamajaq app, which is a journey through the Bible written and adapted specifically for West Africa.

On the home front, Iyla, our youngest, is finished grade 11 and Elise is enjoying her summer job. We've all thankfully received our first COVID-19 shots and all of our booster vaccines required for Niger. We were able to book our second COVID-19 shots for early July. So we're slowly starting to prepare to return to Niger in early August, although Elise will be staying in Edmonton to continue her university studies. That will be a first for us, leaving one of us in Canada.

We're thankful for partners in ministry, past, present and future. We ask for prayer that we would finish our final month in Canada well, and that we would follow joyfully and readily in obedience to God as He guides us back to Niger. We continue to pray for God's mercy on Niger, as many Nigeriens have been displaced due to increasing insecurity, and that many would turn to Him as their source of eternal hope even amidst the trials.

Tamajaq Bible App on Google
